OBJECTIVE

Seeking an internship to leverage my skills, gain hands-on experience. I'm a passionate tech enthusiast excited to dive into the world of IT. I'm looking for an internship where I can learn, grow, and contribute to real projects with a supportive team

EDUCATION

Bachelor of Technology: Velagapudi Ramakrishna Siddhartha Engineering College 2023-Present
Cgpa: 9.10
Intermediate: Sri Chaitanya Junior College 2021-2023
Score: 975/1000
SSC: Amalodbhavi St.Marys English Medium High School 2020-2021
Score: 592/600

PROJECTS

- **Quantum Path Planning for Delivery Vehicles Group Project**
Developed a pure quantum optimization backend using QUBO formulation for Vehicle Routing Problem (VRP). Integrated D-Wave Quantum Annealer, simulated annealing (Neal), and Tabu Search for benchmarking. Built a Python + Flask backend API with NumPy for efficient route computation. Optimized delivery assignments to reduce fuel usage, minimize delivery time, and support sustainability
- **Smart Healthcare Triage System for Rural Communities EPICS Project – Healthcare Access**
Problem: Many rural patients face delays in treatment due to lack of awareness, overcrowded government hospitals, and absence of triage systems. Designing a mobile-friendly, multilingual platform to classify patient cases as urgent, moderate, or normal. Aiming to reduce waiting times at PHCs by prioritizing critical patients and guiding others with self-care or nearby medical options.

CERTIFICATIONS

- **Introduction to Cybersecurity** provided by Cisco Networking Academy.
- **Essentials in C** provided by Cisco Networking Academy.
- **IoT Fundamentals: Connecting Things** provided by Cisco Networking Academy.
- **Essentials in python** provided by Cisco Networking Academy.
- **Introduction to Cybersecurity** provided by Cisco Networking Academy.
- **Network Security Fundamentals** provided by Paloalto.
- **Certificate of completion of Tech Winter Break-Flutter workshop** held by GDG.
- **Industrial Internet of Things** provided by NPTEL

SKILLS

Programming Languages	C, Python, DS, R.
Scripting Languages	HTML, CSS.
Core CS	Operating Systems, Computer Networks, DBMS.
Developer Tools	VS Code, DBMS, Oracle, MySQL.
Technical Skills	Problem solving using DSA.
Soft Skills	Time management, Leadership skills, Active Listening, Communication Skills, Decision

EXPERIENCE

- **Rise Internship Program – Tamizhan Skills**

Developed responsive web pages and integrated APIs to enhance user experience. Gained practical exposure to full-stack web development workflows and best practices.

ACHIEVEMENTS

- **BITS Pilani Hackathon**

certificate of Participation-2025

- Secured 1st place in District level elocution competition and received 5000 cash prize-AP Government.
- Participated in Several Hackathons.

VOLUNTEER EXPERIENCE

- **AI AUTONOMOUS HACKATHON-2025**

Coordinator

Served as the Coordinator in a hackathon, involved in telecalling.

- **National Service Scheme(NSS)**

AD

Participated in different service activities like food donation during floods, participated in flood relief management, waste plastic collection, etc.

EXTRA CURRICULAR ACTIVITIES

Anchored NSS Formation Day Event: Hosted and coordinated the program, engaging the audience and ensuring smooth flow of activities.

Participated in College Cultural Fests: Dance and Music events.
